

*If the so-called „black box“ in the planes is unbreakable, why are not the whole planes made from this material?*

*Why is the line never busy when you dial a wrong number?*

*What are the whales doing wrong, if swimming really makes one slim?*

*If olive oil is made from olives, what is baby oil made from?*

*When it is 0 degrees outside and it should be twice as cold tomorrow, how many degrees will there be?*

*Why won't we get our money back if the taxi goes backwards?*

*Why does the fruit lemonade contain an artificial flavour when there is a real lemon juice added to the washing-up liquid?*

*Why does not Tarzan have a beard?*

*Why do not women ever go to the toilet alone?*

*Why are there lifejackets instead of parachutes on airplanes?*
